

# VOLTAIRE<sup>®</sup>-CD (Boehringer Ingelheim Biosimilar Study 1297.4)

Help us open the door to a potential  
new treatment option for patients  
with Crohn's disease

## If you have Crohn's disease, you may be able to join a new research study. Will you help us?

Are you living with Crohn's disease (CD)? We are looking for patients with CD to take part in a research study called VOLTAIRE<sup>®</sup>-CD (Boehringer Ingelheim Biosimilar Study 1297.4). The VOLTAIRE<sup>®</sup>-CD Study is looking at how safe and effective an investigational medication is when given to patients with CD.

### Could you take part?

You may be able to take part in this study if you, at a minimum:

- are 18–80 years of age
- were diagnosed more than 4 months ago with moderate to severe CD and still sometimes have flares.

### Want to learn more?

Please contact us if you think you may be able to take part in, or if you are interested in learning more about, the VOLTAIRE<sup>®</sup>-CD Study. We will be happy to answer any questions that you may have.
